## A Message From The President

Welcome to the 1990 Homecoming Celebration! Bowling Green State University continues to build a well-founded reputation as a center of excellence for learning, teaching and research within the state and the nation. As alumni of BGSU, your support, guidance, and commitment to the university in meeting its mission have largely been responsible for this heightened level of accomplishment and recognition.

We hope you will enjoy your visit. You will note several physical changes in the campus, including new and renovated

buildings, etc. More important are the accomplishments made in the academic area that have brought recognition of the University's excellence from a variety of sources, including the Ohio Eminent Scholar in Psychology and the Program Excellence Award in Computer Science - to name but two.

As we enter a new decade this year, your role in maintaining and strengthening Bowling Green State University's reputation will be even more critical. I look forward to the coming year and the interaction with many of our alumni chapters across the country.

Thank you for coming and we trust you will come back often to visit your alma mater.

Paul J. Olscamp  
President

## FALCONS FACE OHIO IN HOMECOMING BATTLE

**THE GAME:** The Bowling Green State University football team will finally get a chance to play in front of the home partisan as they battle Mid-American Conference foe Ohio University. Today is the annual Homecoming game while it will also be Welcome Back to School Day. Every Wood County student, grades 1-12, received a ticket to the game. The game will mark the halfway point of the season for the Falcons who will have three of their last five contests at home.

—BG—

**BGSU COACH MOE ANKNEY:** Moe Ankney (BGSU '64), the 13th head coach at Bowling Green, is in his fifth season heading the Falcon football program having compiled a record of 18-29-1 (.385). His teams have a 16-17-1 record in Mid-American Conference games, including three seasons of 5-3 marks. Under Ankney, the Falcons have tied for second in the MAC twice (1986 and 1987) while last season BG finished fifth. Ankney, in his first head coaching position, is in his 19th season of collegiate coaching having made stops at Arizona (1980-85), Tulane (1976-79) and Ball State (1971-75) as an assistant coach.

—BG—

**OU HEAD COACH TOM LICHTENBERG:** One of three new coaches in the MAC, OU head coach Tom Lichtenberg is in his third head coaching spot on the collegiate level. The first-year Bobcat mentor came to OU after one season in the top spot at Maine where he led the Black Bears to a 9-3 record and

the Yankee Conference title. His other head coaching experience came at Morehead State where he was the head coach for two seasons (1979 and 1980). Lichtenberg's career record stands at 18-17-1. Except for three years as the assistant athletic director in the mid-80s, Lichtenberg has been coaching on the collegiate level since 1972.

—BG—

**THE SERIES:** In a series the Falcons have dominated the last few years, Bowling Green holds a 24-17-1 advantage. The Falcons have had better results on the road, where they have a 13-7-1 record, in the series than at home where they hold a slim 11-10 edge. BG has won each of the last eight meetings, the longest winning streak in the series, between the two schools by a combined score of 252-75. Last year's three point victory is the closest during the eight-year period. BG has won the last four times the two teams have met in Bowling Green by a combined score of 131-23. The last OU win at Perry Field came in 1980 when the Bobcats took a 21-20 decision. The two teams have met every year since 1951 in a series that dates back to 1945. There have been 10 shutouts in the series, eight by BG including three during the present eight-game winning streak. The Falcons have a 7-4 series record in games decided by three points or less while BG holds an 11-6 edge in games decided by seven points or less. BG has a 6-6 record vs. Ohio in series games played at Perry Field. BG head coach

# MOE ANKNEY

Howard M. (Moe) Ankney, the fifth-year head football coach at Bowling Green State University, doesn't have to remind his players of what's important when they put on a Falcon uniform.

His players are reminded every day by a list of five objectives that hangs on the wall of Ankney's office at Doyt L. Perry Field.

Meet these goals, and you succeed as a football player at BGSU. Meet these goals and Bowling Green maintains its reputation as one of the finest football programs in the Mid-American Conference.

The five goals for a BGSU football player:

1. Each player earn a college degree
2. Continue the winning tradition
3. Beat Toledo
4. Win the California Bowl
5. Each player become the best that he can be as a student, as an athlete and as a person.

With these goals in mind, Ankney will lead his Falcon football team into the new decade and the 72nd season of inter-collegiate football at BGSU.

Appointed as the University's 13th head football coach on December 30, 1985, Ankney has coached the Falcons to second-place finishes in the MAC twice. BG finished second in 1986 and second in 1987. After an uncharacteristic eighth-place finish in 1988, BG bounced back in 1989 with a 5-3 league record, good for fifth place in the final standings. In the last four years, Ankney's teams have compiled a winning record (16-15-1) in the MAC.

At the same time, Ankney's Falcons have faced a demanding non-conference schedule. BG lined up against a defending national champion one year and a team that played for the national title the next.

In 1986, the Falcons visited Minnesota of the Big 10 and Washington of the Pac 10. In 1987, opponents included defending nation-

al champion Penn State and the Pac 10's Arizona. In 1988, national runner-up West Virginia and Texas Christian of the Southwest Conference were scheduled. Last year, eastern independent East Carolina and Independence Bowl-bound Tulsa were confronted.

The Falcons will be challenged again outside of the MAC in '90. BG opens at Cincinnati in Riverfront Stadium. A week later, BG visits independent powerhouse Virginia Tech.

Ankney, a 1964 BGSU graduate, returned to his alma mater after serving six seasons as the assistant head coach, defensive coordinator and secondary coach at the University of Arizona of the Pacific-10 Conference. He left a long-time coaching associate and friend, Arizona Head Coach Larry Smith. Like Ankney, Smith is a Bowling Green graduate, and the two coached together for 10 seasons.

Prior to joining the Arizona staff in 1980,

Ankney was Smith's defensive coordinator and secondary coach at Tulane for four seasons between 1976-79. Before that, he was the secondary coach at Ball State from 1971-75 under the late Dave McClain. In all, he has spent 18 seasons coaching football at the collegiate level.

At each stop, Ankney was instrumental in helping to rebuild struggling programs. While at Ball State, the Cardinals improved their record from 4-5-1 in 1971 to 9-2 in 1975. At Tulane, Ankney helped the Green Wave from a 2-9 record in 1976 to a 9-2 mark and a berth in the Liberty Bowl in 1979. The Arizona Wildcats were 5-6 in 1980 and improved their record to 8-3-1 in 1985, including a 13-13 tie with Georgia in the Sun Bowl. His Arizona defensive units finished among the nation's statistical leaders from 1982-85.

More than 20 of his former players have gone on to careers in professional football. While at Arizona, Ankney coached Denver Broncos' linebacker Ricky Hunley. At BGSU, Ankney has coached Cleveland Browns' safety Kyle Kramer. Three Falcons were drafted by NFL teams earlier this year: Reggie Thornton (Minnesota), Ron Heard (Pittsburgh) and Derrick Carr (New Orleans).

Ankney entered the coaching profession at the high school level. He was an assistant football and wrestling coach at Eaton High School for the 1964-65 seasons and then became head coach at Dayton Northridge in 1966. From 1967 to 1971, he was head football and tennis coach at Dayton Wayne High School. His five-year head coaching record in the high school ranks stands at 24-21-5. While coaching in the Dayton area, Ankney earned his master's degree from Miami University in 1969.

Ankney, 48, a native Ohioan, grew up in Xenia before moving to Kettering as a high school senior. A 1960 Fairmont High School graduate, he was an all-state quarterback and a participant in the Ohio All-Star game.

While a student at BGSU, Ankney played on two MAC Championship teams as a reserve quarterback and lettered twice under legendary Coach Doyt Perry.

While an undergraduate, Ankney earned election to Omicron Delta Kappa, a leadership honorary, Phi Alpha Theta, a history honorary, and Kappa Delta Pi, an education honorary.

Ankney was reared in a football family. His uncle Pete was his head coach at Fairmont High School. Pete Ankney also was a head coach at Canton McKinley High School and at the University of Dayton. Moe's father, Ben, coached at Miami University and at Xenia High School.

Moe and his wife, Carlalee, are the parents of two daughters (Angela and Molly), a son (Andy), and have two grandchildren (Ashley and Bryce).

Howard Milton Ankney was born June 23, 1942.

# THE MID-AMERICAN CONFERENCE

Founded in 1946, the Mid-American Conference is one of the nine Division I-A conferences in the country along with the ACC, Big 10, Big Eight, Big West, PAC-10, SEC, SWC, and WAC.

The MAC consists of nine state-supported institutions in the midwestern states of Ohio, Michigan and Indiana. The nine current members—Ball State University, Bowling Green State University, Central Michigan University, Eastern Michigan University, Kent State University, Miami University, Ohio University, the University of Toledo and Western Michigan University—have all been members of the conference for 16 or more years.

Throughout its existence, the MAC has been in the forefront of national legislation that has enhanced the academic integrity of intercollegiate athletics. The MAC has had an academic progress rule, strengthened admittance standards and qualitative grade point average requirements for its student-athletes long before the NCAA adopted or discussed implementing such academic standards.

The MAC currently sponsors 18 championships. In men's sports, the MAC has sponsored championships in football, baseball, cross country, golf, tennis, and track and field since its founding, and added swimming and wrestling championships five years later.

In 1980, the MAC Council of Presidents voted to bring women's athletics into the conference structure. The MAC currently sponsors women's championships in basketball, cross country, field hockey, gymnastics, softball, swimming, tennis, track and field, and volleyball.

In the 44-year history of the conference, numerous MAC football teams and players have received national recognition. Bowling Green was recognized as the national

**Brian McClure led the MAC in passing three times.**

college division champion in 1959, and Ohio won similar honors in 1960. After MAC teams achieved major college status, Toledo compiled a 35-game winning streak from 1969-71, the second longest such streak in modern major college football history. Miami beat Florida, Georgia and South Carolina in the 1973, 1974 and 1975 Tangerine Bowls. In the last few years, among the non-conference victims of MAC teams are opponents from the Big 10, Big Eight, SEC and WAC.

The 1990 MAC Champion will represent the conference against the champion of the Big West Conference in the California Raisin Bowl on December 9 in Fresno, CA.

MAC schools have a reputation for developing outstanding coaches. In the 1989 Fiesta Bowl, which pitted Notre Dame against West Virginia for the national championship, it was Kent graduate Lou

Holtz against Bowling Green graduate Don Nehlen. On the same day in the Rose Bowl, Miami graduate Bo Schembechler directed his Michigan team to victory over Southern Cal coached by Bowling Green graduate Larry Smith. Among other current or former head coaches who played at and/or coached at MAC schools are Woody Hayes, Ara Parseghian, Don James, Paul Brown, Bill Mallory, Dave McClain, Don McCafferty, Weeb Ewbank, Frank Lauterbur, John Pont and two of the three 1988 inductees into the National Football Foundation Hall of Fame: Doyt Perry and Jack Mollenkopf.

Among current NFL players from MAC schools, Dolphins' linebacker John Offerdahl (Western Michigan) was the 1986 Rookie of the Year, Rams' center Doug Smith (Bowling Green) is a Pro Bowler and 13-year veteran; Bengals' defensive back Robert Jackson (Central Michigan) is the senior member of the five former Chippewas in the NFL; and defensive lineman Brent Williams (Toledo) is a rising star with the Patriots.

After concluding successful NFL careers, Bernie Casey (Bowling Green) and Tim Brown (Ball State), two former standouts at current MAC schools, went to Hollywood and have made numerous television and movie appearances.

MAC student-athletes are regularly selected to the GTE Academic All-America teams. In the last six years alone, MAC student-athletes have received Academic All-America honors 82 times. Since the Academic All-America program was established 21 years ago, MAC football players have earned that distinction 46 times. Three of the 48 Division I football players honored on the 1989 Academic All-America team were from MAC schools.

## DOYT PERRY 1988 College Football Hall of Fame Inductee

**Doyt Perry**

The year 1988 will be fondly remembered by Doyt Perry, the former player, coach and administrator at Bowling Green State University.

In January of '88, he learned that he would be an inductee into the National Football Foundation's College Football Hall of Fame.

In October, when Bowling Green hosted Miami at Doyt L. Perry Field, the man in whose honor the stadium was named was there for a special on-campus presentation by the National Football Foundation.

In December, Perry was in New York for the Foundation's Hall of Fame Dinner. He was officially enshrined into the College Football Hall of Fame at Kings Island, OH, the following June.

Perry's association with BGSU dates back 60 years when, as a student he lettered nine times in three sports (football, basketball and base-

ball). The Croton, OH, native received his degree in 1932 and began coaching on the high school level before becoming an assistant football coach at Ohio State University in 1951.

Perry returned to his alma mater as head football coach in 1955. The next 10 years, he led the Falcons to a 77-11-5 record for a winning percentage of .855, topped only by Knute Rockne and Frank Leahy of Notre Dame. His teams won five MAC Championships and the national college division championship in 1959.

Perry, who retired from coaching in 1964 to become BGSU's athletic director for six years, developed such outstanding coaches as Jim Young of Army, Bill Mallory of Indiana, Don Nehlen of West Virginia, Larry Smith of Southern California, the late Dave McClain of Wisconsin and Bowling Green's own Moe Ankney.

# A Reunion of People and of Teams

*BGSU Homecoming Has Been More Than Just Another Day*

by TIM RYAN

For every college football fan, Saturdays during the fall provide a finish line to help the fan survive the week. Memorable games will be played during the season but one will stand tall above the rest — Homecoming.

Homecoming enables everyone, whether they're football fans or not, to renew old acquaintances and to revive old stories with new life.

It was in that spirit that the first Homecoming game was played on October 15, 1910. The University of Illinois edged the University of Chicago 3-0 at Illinois Field in Urbana.

Not until November 4, 1922, did the annual event begin at Bowling Green State Normal College. Ivan E. Lake and Dr. Clayton C. Kohl, organizers of BG's first Homecoming game, had to have known that 68 years later the tradition would continue because of the large crowd, 2,000 people, who attended the contest.

Lake was president of the Win-One Club, an organization with its main purpose to promote the college in any way possible, and Kohl was a faculty advisor.

The day was a town celebration that included a parade of floats up Court Street and through the business district to the old Wood County Fairgrounds (now City Park) where the game was played.

The game, versus the University of Toledo, would end in a 6-6 deadlock, but a tradition unmatched in any other sport had begun.

As you settle into your seat for today's game we will try and jog your memory by recalling Homecoming games through the years that lived up to all the hype and hoopla that surrounds this traditional game.

A tough defensive stand on the part of Bowling Green State University preserved a 7-7 tie with Ohio Northern in the 1936 Homecoming game

Homecoming programs are one of the most sought-after items of the day. One of the only existing copies of the first Homecoming program is displayed with other programs from past years.

played on November 14, before twenty-five hundred fans.

With first down on the BG one yard line, Ohio Northern had 40 seconds to spoil the day. Three plays and one penalty produced 14 lost yards. That day, a brisk westerly wind made it difficult for any kick attempt. A tie was preserved when the field goal attempt was no good.

One of the most memorable games down through the years was the 1948 clash with Baldwin-Wallace.

Don Cunningham, BGSU Sports Information Director from 1946-65 and now Associate Athletic Director Emeritus, calls the 1948 Homecoming one of the best ever played.

"We played Baldwin-Wallace who was a very pass-minded team that year," he said. "They were up by three touchdowns at one time. That second half, Minnich and Dunham put on an exhibition that was out of this world."

"Then we clinched it in the last couple of minutes to win 33-28," said Cunningham.

The 27th annual Homecoming crowd of 7,205 were indeed treated to

a "never say die" attitude on the part of the Bowling Green players. Down 28-13 at halftime, quarterback Max Minnich and right end Vern Dunham connected on second half touchdown passes of 47, 46, and five yards.

Because of his gridiron efforts, Vern Dunham was inducted into the Bowling Green State University Athletic Hall of Fame in 1989.

The 1950 Homecoming game proved to be disappointing for the underdog Falcons. Leading 28-13 after three quarters, the Baldwin-Wallace Jackets exploded for 21 fourth quarter points and settled for a 34-34 draw.

BG's pass defense allowed the Jackets back into the game giving up a total of 226 passing yards compared to the Falcons' ten.

But, the 6,043 in attendance that day saw an impressive ground game by Bowling Green as they piled up 336 yards.

One of the most thrilling Homecoming games was played in 1965 pitting Bowling Green against arch-rival Toledo.

**HOMECOMING, IN MORE WAYS THAN ONE:** While today's game is Homecoming, the annual week which includes a parade and bonfire along with the return of many BGSU alumni and friends, it is also a homecoming for the Falcon football team. After four consecutive weekends on the road, one of only three teams in the nation, among Division I schools, to have to do that, Coach Moe Ankney's squad will finally get a chance to play in familiar surroundings.

—BG—

**AND THERE'S NO PLACE LIKE HOME:** The Falcons will finally get a chance to enjoy the friendly confines of Doyt L. Perry Field where they have compiled a 25-7-1 record over the last 33 home contests.

—BG—

**HOMECOMING HAS BEEN A CELEBRATION FOR THE FOOTBALL TEAM, TOO:** BGSU football teams have done their part in making sure Homecoming is a positive celebration having compiled a 40-19-9 record (.654) over the years. BG has won the last two Homecoming games and five of the last six. During the 80s, BGSU gridiron squads compiled an 8-2 mark in Homecoming contests. BG coach Moe Ankney has a 3-1 record in Homecoming games during his tenure. OU has been BG's opponent for two Homecoming games with the Falcons winning in 1988, 42-0, and OU ruining the 1974 celebration with a 33-22 victory.

**SHALE'S PUNTING IS OUT OF THIS WORLD, ALMOST LITERALLY:** If there has been a better punter in the nation during the first half of the collegiate season than Falcon senior **CRIS SHALE** it would be hard to believe. For the third consecutive week, the two-time MAC punting champion set a BG and/or MAC record. In the Ball State game, Shale punted nine times for 481 yards, a 53.4-yard average. His average broke the MAC record, for MAC games only, of 53.3 set by BG's Bill Bradshaw vs. Ohio University in 1953. The average also sets the MAC games only team record. Over the last three weekends, Shale has put his name in the record book for the following:

- Against Virginia Tech in the second game of the season, Shale punted 10 times for 472 yards (47.2 average) with his yardage figure a new BGSU record.

- Against Central Michigan two weeks ago, Shale punted 12 times for 593 yards (49.4 average) breaking his own record for yardage set against Virginia Tech in the previous game. In addition, he also broke the MAC record, for league games only, for yardage while his 12 punts tied the MAC mark for league games only. His yardage total was just eight yards shy of the MAC all-games record.

- Broke the MAC record, league games only, with a 53.4-yard average against Ball State. With his performance in the Ball State game, Shale moved to fourth on the BG career list with 151 punts, third in yardage with 6485 and he remained first in career average at 42.95, which is also the highest

average in MAC history. He also increased his season average from 48.2 to 49.6 taking over the #1 spot in the country.

—BG—

**SHALE HAS BEEN CONSISTENT AND ACCURATE, TOO:** As well as his distance, Shale has also been consistent and accurate. He has had only four of his 34 punts travel less than 40 yards this season. He has 16 punts between 40 and 49 yards, eight that have traveled between 50 and 59 yards, five between 60 and 69 yards and one punt of 76 yards, his career-best. He has five punts inside the 20 this season and two others which were downed inside the five. Over the last three games, Shale has averaged 49.87 yards for 31 punts.

—BG—

**BOBCAT BITS:** Ohio University, which has finished in the bottom third of the conference standings four of the last five years, has played the two teams picked to finish 1-2 in the league this season, Toledo and Eastern Michigan, tough before losing close decisions in their only two league games thus far. OU lost a 21-18 contest to Eastern Michigan, picked to finish second in the MAC, and last week dropped a 27-20 decision to MAC favorite Toledo on a Rocket touchdown with 17 seconds left to play. Senior quarterback Anthony Thornton, who leads the big play OU offense, completed 14 of 29 tosses in the Toledo game for 204 yards, five of those to freshman wide out Courtney Burton for 110 yards. Junior Ricky Howell was the leading rusher for the Bobcats with 60 yards on 17 carries.

# Falcons' Nest of Coaches

**1990 BGSU Football Staff:** (kneeling, l to r) Todd Fitch (receivers and tight ends), Reggie Oliver (offensive coordinator and offensive backs), head coach Moe Ankney, Kurt Humes (defensive coordinator and inside linebackers) and Mike Mangili (defensive backs). (Standing) Bob Reublin (assistant head coach and defensive line), Terry Malone (offensive tackles and tight ends), Andy Garver (outside linebackers and special teams), Max Lowe (offensive guards and centers) and Joey Batson (strength and conditioning).

Moe Ankney

Their names are familiar, because they have made an impact on football at all levels of the game — high school, college, and professional.

They belong to the Falcons' Nest of Coaches, an organization created in 1984 for the purpose of promoting the proud tradition of Bowling Green Falcon football. Through the development of student and graduate-assistant programs at Bowling Green, most of these coaches got their start at this Mid-American Conference institution. They've studied and matured under the coaching philosophies of Warren Steller, Robert Whittaker, Doyt Perry, Bob Gibson, Don Nehlen, Denny Stolz and Moe Ankney, to name a few. Today, they are making a name for themselves and for their respective football programs around the country. Though they may be miles apart, they share at least one thing in common. They are members of a fine football coaching fraternity at Bowling Green State University, the Falcons' Nest of Coaches.

# CALIFORNIA RAISIN BOWL

Fresno State's Bulldog Stadium is the site of the California Raisin Bowl.

For the last nine years, the Mid-American Conference has been sending its champion to the California Raisin Bowl in Fresno, California.

Hosted by Fresno State University in its 30,000-seat Bulldog Stadium, the Cal Bowl pits the MAC Champ against the Big West Conference Champion.

The 1990 Cal Raisin Bowl is scheduled for December 8.

Bowling Green is one of two MAC teams to have made the trip to Fresno twice, with Toledo being the other. The Falcons appeared in Cal Bowl II on December 19, 1982 and lost a 29-28 heartbreaker to Fresno State. BG blew a 21-0 third-quarter advantage in that game.

The Falcons met Fresno State again in Cal Bowl V, but this time the Bulldogs rolled to a 51-7 victory on December 14, 1985. BG also lost its head coach, Denny Stoltz, who announced earlier in the week he was leaving to coach at San Diego State.

More than just a bowl game, the California Raisin Bowl is a community happening for San Joaquin Valley citizens, whose support benefits the Valley Children's Hospital. The benevolence of the Greater San Joaquin Valley Sports Association is displayed as every aspect of the Cal Bowl revolves around the well-being of the young patients of the Valley Children's Hospital.

Fund-raising activities include a 10K run, bike rally, and a coronation ball, in addition to the bowl game. The Cal Bowl has generated more than \$250,000 for hospital equipment and services.

## *Fun and Classwork Do Mix*

By BETH CHURCH  
BGSU Office of Public Relations Intern

You can call them fun loving. You can call them ambitious. You can call them energetic and you can call them smart. But don't call them geeks or nerds.

Those unflattering terms are too often the stereotypes attached to high academic achievers.

At Bowling Green, the old image just doesn't fit. In fact, students in perhaps the largest organization on campus are earning high grades and having a good time doing so. Many of the 750 students in the Honors Program say they are enjoying the best that collegiate life has to offer — good grades and good fun.

The two do mix and that's the message the Honors Program students are spreading throughout campus. "These people are serious about their work but are having a great time. They are really an active group," says Susan Darrow, associate director of the Honors Program.

Entrance to the Honors Program is rather exclusive — ACT composite scores of 27 or higher, high school grade point averages of 3.5 or better, and two favorable letters of recommendation from teachers.

The inducement to join the Honors Program is a series of courses and activities that provide students knowledge and experiences they would not receive in regular classes. "We call them enriched courses and activities and they appeal to students who are looking for greater challenges in their college work," says Dr. Paul Haas, the program's director.

**Susan Darrow and Dr. Paul Haas (front) have built the Honors Program into one of the largest student organizations on campus. Behind them are a few of the 174 freshmen who have joined the program this fall. Along with them are some of the student counselors who serve as a big brother or sister to the newcomers.**

There are 30 to 35 honors courses offered each semester and they are taught by faculty who like the idea of teaching highly motivated students. Enrollment in all honors classes is limited to 25 students. "It's like being at a small liberal arts college inside a state university," Darrow says.

Since it was founded in 1978, Haas and Darrow have watched the Honors Program evolve into what they call "a family."

"The friends the students make are for life," Darrow says, adding that among alumni there already are several "honors marriages" and even an "honors baby," whose parents are, of course, one of the honors marriages.

One reason for the close relationships many honors students share stems from the specially designated honors living unit in Kreischer Quadrangle's Darrow Hall.

Special features include a study area option, 24-hour visitation and coed living by wings of the residence hall. This fall, more than 235 of the 340 available beds were filled with honors students.

Honors student Florence Maggiotto, an English education major from Bowling Green, lived in Darrow Hall last year,

an experience she describes as "exciting."

"I was really drawn into it and people accepted me," she says. "The RA's (resident advisers) were honors student members — everyone was involved."

Darrow says the "sense of community" is one of the first things visitors will notice about the honors hall. "The facility looks the same as the other wings, but what's different are the people, the attitude, the liveliness," she adds.

"A spin-off of the program is the Honors Student Association, which is open to all University students. It is another reason for the positive spirit among students, according to Darrow.

HSA-sponsored activities include speakers, parties, film series, intramurals, off-campus trips, cultural events and the annual spring tuition raffle.

"If students don't get involved outside their classwork, I worry about them," Haas says. "There's a lot to learn on campus besides what's in the classes." And good places to start are the Honors Program and Honors Student Association.

# Under the Lights II

## Night football returns to BGSU

After the ultra-successful debut of lights at Doyt Perry Field last year, they will make a triumphant return in two weeks as the Falcons battle Eastern Michigan in an important Mid-American Conference contest. The game, October 20, will begin at 7 p.m.

The exciting, party atmosphere of last year's game made the athletic department believe that it was well worth the investment to hold a night game again this season. It is hoped that a night game will become a tradition at BGSU with an eye on possibly putting in permanent lighting at a point in the future. It has already developed into possibly the most talked about game on the BG schedule.

Last year's contest was the first night game in the 23-year history of Perry Field. Tonight's contest marks the first time since the mid-50s that the BGSU football program has played at least one night game in consecutive seasons. The last night game at BGSU prior to last season was on September 27, 1958 when Doyt Perry led his Falcons to a 27-6 victory over Lockbourne Air Force Base.

In trying to develop the same festive atmosphere as last season, the game will also be Student Appreciation Day with the first 6,000 students through the turnstiles receiving a Champion t-shirt with the night game logo on it. In addition, there will be numer-

**BGSU and Akron battled in the first night game in the 23-year history of Perry Field last year.**

ous activities going on around the stadium, including a tailgate party for BGSU fraternities and sororities. So come early and join in the excitement.

The rather brief history of night games at BGSU is an interesting one.

The previous home of the Falcons, University Field, did not have lights until 1954. Oddly enough, the lights that were installed at that time were from City Park which is where Bowling Green High School played their games. BGSU officials offered use of University Stadium for Friday night

high school football on the condition the high school would supply the lights.

The first night game was played September 25, 1954 with Miami handing BG a 46-7 setback. Eight more evening games followed until the move to Perry Field where day games had been played exclusively until last season.

Last year's game, against Akron, started on a good note for the Falcons as they took the opening kickoff and drove 62 yards in 11 plays before settling for a 22-yard Jason Zeller field goal. But Akron countered with two scores before the half, the second one a touchdown with just 10 second left, to take a 14-3 lead into the locker room.

The two teams spent the third period trading points as BG scored twice on 28 and 64 yard passes from Rich Dackin to Ronald Heard while the Zips countered with a field goal and a short pass for a touchdown.

After an Akron touchdown with just 1:39 gone in the final period, BG closed to within seven, 31-24, on a touchdown pass from Dackin to Kyle Hockman with four minutes left. Inside of two minutes the Falcons got the ball back, but Dackin was intercepted on the second play and two plays later the Zips found the end zone to secure a 38-24 victory sending the crowd for the first night game at Perry Field home disappointed.

The Falcons will look for better results in two weeks against Eastern Michigan as they continue through the 1990 schedule with an eye on a possible MAC title and a California Raisin Bowl berth. Come early and enjoy the pre-game festivities as well as a battle between two of the better Mid-American Conference teams.

**Part of the fourth-largest crowd, 25,057, in the history of Perry Field that attended last year's night game.**

## THE FALCON CLUB NEEDS YOU!

To All Falcon Fans:

You are the key to success for our Falcon teams! The BGSU Athletic Department depends on the Falcon Club to raise more than \$250,000 in 1990. This money will help fund athletic grants-in-aid, assist in the recruiting of prospective student-athletes, and provide funding for athletic facilities budgets.

Members of the Falcon Club are alumni, parents, friends and fans who provide financial support, volunteer hours and advisory expertise to the BGSU athletic program and share in the many benefits the Falcon Club has to offer.

The Falcon Club has ambitious goals for 1990 and is eager to involve YOU in our activities. The need to support our program is at an all-time high. Your financial contribution and BGSU's athletic program are a winning combination.

We are very proud that Bowling Green's athletic program is recognized as one of the best in the country. All of our 19 teams are highly competitive and very representative. Falcon Club membership offers you the opportunity to support these teams. Falcon Club donations have greatly aided our program, and to continue that winning tradition throughout the 1990-91 campaign will require another supreme Falcon Club effort.

I look forward to having you join the Falcon Club in 1990!

Sincerely,

Charles F. Nagle  
Associate Athletic Director

I am interested in learning more about the Falcon Club and its activities.

# BOWLING GREEN STATE UNIVERSITY

The Student Recreation Center offers something for everyone.

One of the many computer labs on campus.

The educational diversity and excitement of a large university combined with the caring and camaraderie of a small college. These are strengths of Bowling Green State University.

Bowling Green began in 1914 as a Normal School. On that first day, there were 15 faculty members and 158 students, all of whom were studying to be teachers. Today, the University has nearly 1,000 full- and part-time faculty and 18,000 students on its main campus. Degree programs are offered through the colleges of Arts and Sciences, Business Administration, Education and Allied Professions, Health and Human Services, Musical Arts, Technology and the Graduate College. Within the undergraduate colleges are schools of Art, Mass Communication, Nursing, and Health, Physical Education and Recreation.

In all, the University offers more than 170 undergraduate degree programs, 12 master's degrees in 75 fields of study and doctoral degrees in 14 departments with more than 60 specializations.

In addition to courses on the main campus, the University's Firelands College campus, located in Huron, Ohio, offers 23 two-year associate degree programs, as well as courses which fulfill the first two years of a bachelor's degree requirement. Firelands' enrollment tops 1,300 students.

Fully accredited at the highest state, regional and national levels, the University has chapters of most national academic honor societies, including

Phi Beta Kappa and Phi Kappa \*Phi. Bowling Green is also a member of the National Association of State Universities and Land Grant colleges.

The University's faculty members, 71 percent of whom hold the highest degree in their fields, include Fulbright Scholars, authors and nationally known researchers. The caliber of the faculty is reflected, too, in the number of academic programs which are regionally and nationally recognized, including the chemistry and philosophy departments which host Ohio Eminent Scholars. A third Ohio Eminent Scholar grant will be added in the Department of Psychology in 1991. The scholar program was created by the Ohio Board of Regents to attract world-class educators and researchers to the state's universities.

While committed to teaching, faculty are researchers as well, generating new knowledge through independent research and involvement in University units such as the Population and Society Research Center, the Center for the Study of Popular Culture and the Social Philosophy and Policy Center.

Bowling Green is also the site of the National Drosophila Species Center and the Mid-America Stock Center—the largest scientific facilities of their kind in the world—where University faculty assist in supplying some 400 species of fruit flies to scientists involved in genetics and cancer research around the globe.

The University's students come from throughout the United States and near-

ly 60 foreign nations. While most students are between the ages of 18-22, the number of those older than 25 is increasing. During the spring term of the 1989-90 academic year, there were more than 3,300 "non-traditional" adult students enrolled in under-graduate and graduate programs on a full- or part-time basis.

The focal point of the 1,250-acre campus is the nine-story Jerome Library, with its collection of more than four million items, including 1.5 million volumes plus journals, periodicals, microforms, government documents and other materials. Special sections of the library include the Center for Archival Collections which houses materials relevant to northwest Ohio history and the Sound Recording Archives with 400,000 recordings. The Institute for Great Lakes Research, located in Perrysburg, contains an extensive collection of materials on the shipping industry's past and present.

The University is continually refurbishing its more than 100 existing buildings and upgrading facilities to meet current needs. In recent years, nearly \$83 million has been allocated for new construction and remodeling projects.

The University is also meeting the challenge of tomorrow's high-tech education. It currently has 19 computer labs, including one in every residence hall complex, for use by students. And talk is now underway of installing computers in every residence hall room.

"An Environment for Excellence." Dr. Paul J. Olscamp adopted that slogan for his administration when he became Bowling Green State University's eighth president in 1982.

To create that environment, he charted a course that would move Bowling Green into the ranks of the country's most important colleges and universities. The effort has focused on teaching, research and service and has involved a University-wide commitment to excellence.

Since arriving on campus, the president has aimed at fulfilling that vision. Early in his administration, Olscamp and the faculty outlined the task ahead in a 27-goal document called the Role and Mission Statement. Most of the goals centered on improving the quality of undergraduate and graduate students, the academic programs, the learning environment and the faculty and its resources.

Now, as Olscamp begins his ninth year at

**PAUL J. OLS CAMP**

Bowling Green, many of those original goals have been met and new priorities have been established, including the recruitment of minority faculty and students, and greater emphasis upon research production.

One of his most important accomplishments has been to fully involve the faculty in University governance. Faculty now have a key role in developing the annual budget and share authority with the president in interpreting the University's Academic Charter. The faculty also have greater control over the curriculum and development of new academic programs.

Olscamp brings a personal touch to the presidency and frequently hosts students for breakfast at his home, eats with them in campus dining halls and attends as many student events as his schedule permits. He also holds weekly forums for students wanting to discuss campus issues. During the past six years, he has played host to more than 675 faculty members at a series of "fireside talks" at his home.

## HIGHLIGHTING THE OLS CAMP ADMINISTRATION

A great deal has happened at Bowling Green since 1982. Here are some of the highlights:

### Academic Programs

- \* Creation of Bowling Green's first endowed professorships, in management, finance, chemistry and philosophy.

- \* Development of the Center for Photochemical Sciences, the only one of its kind in the country. Photochemistry is a multibillion dollar growth industry and some key research for that industry is being conducted at Bowling Green.

- \* Appointment of an Ohio Eminent Scholar in both Photochemical Sciences and Moral Philosophy; the positions are the result of two \$500,000 grants from the Ohio Board of Regents. In 1990, Bowling Green was awarded its third Ohio Eminent Scholar grant; this one in Psychology. The appointment is expected to be made in 1991.

- \* Addition of doctoral programs in Applied Philosophy and Photochemical Sciences; the 13th and 14th Ph.D. offerings at Bowling Green.

- \* Increasing in 1990 to 61 the number of National Merit scholars, the most ever in University history and a figure that places Bowling Green in the top 25 universities in the country.

- \* Establishing the University's first major scholarships for minority students.

- \* A network of computer labs throughout

the campus, including labs in each residence hall. Now, there is talk of installing a computer in every residence hall room.

- \* Securing more than \$5 million from the Board of Regent's Selective Excellence Programs, which are designed to attract top scholars, conduct pioneering research and develop centers of excellence. Grants have been awarded in both the sciences and the humanities.

- \* Increasing library holdings to more than four million items including 1.6 million books, plus journals, periodicals, microforms, government documents and other materials.

### Physical Plant

- \* Nearly \$83 million in state capital improvement funds for renovation and new construction projects.

- \* Completion of \$7.2 million Physical Sciences Laboratory Building in 1984 and a \$3.65 million addition to the Business Administration Building in 1988.

- \* A \$9.1 million addition to the Fine Arts Building; the groundbreaking ceremony will be held this fall.

- \* \$9.9 million in funding to construct a new classroom building.

- \* Major renovation and refurbishing of existing campus buildings including Williams, Overman, Hayes and Shatzel halls, and Epler Complex. Construction of a \$2 million office building to house faculty and staff

temporarily displaced by renovation projects and later to be used for permanent offices.

### University Finances

- \* Growth in the University endowment from \$1.9 million in 1982 to more than \$27 million by the end of 1990.

- \* Creation of an internal endowment fund of \$4 million from various University reserves. The balance is approaching \$8 million and is expected to reach \$10 million in two years. Interest on the \$10 million principle will be used to supplement the academic budget.

- \* Developing a plan that restructures debt service obligations and is projected to result in a \$35 million principle in 12 years. Interest on that amount, which could approach \$3 million annually, will go toward the academic budget.

- \* Most successful fund raising drive in University history. With the assistance of the development and alumni office, the 75th Anniversary Fund raised more than \$15 million in three years; well above the \$12.5 million goal. Donations included the University's first two \$1 million gifts—from the Stranahan Foundation of Toledo for the Social Philosophy and Policy Center and from Harold and Helen McMaster of Perrysburg for the McMaster Leadership Institute. In 1988 the Stranahan Foundation awarded a \$3 million grant to the Social Philosophy and Policy Center.

With the dawn of a decade comes the hope for 10 years of success equal to or greater than the previous 10 years.

That won't be easy.

Bowling Green sports teams of the 1980s achieved a level of success matched by few.

Bowling Green claimed 24 conference titles during the 1980s, 19 in the Mid-American Conference and four in the Central Collegiate Hockey Association. Twenty-one teams were involved in post-season play in the NCAA, NIT and California Bowl.

Each of the 19 Falcon sports teams has helped build and maintain the "Winning Tradition" at BGSU...

**BASEBALL** — The Falcons will have a new leader in the dugout this season in first-year coach Danny Schmitz. Schmitz, who most recently was an assistant coach at Eastern Michigan, also played in the minor leagues at the AAA level. Many former players have gone on to play professional baseball including two of the top pitchers in the game today—Roger McDowell of the Philadelphia Phillies and Orel Hersher of the Los Angeles Dodgers

**MEN'S BASKETBALL** — Coach Jim Laranaga's Falcons are in the hunt for a MAC championship. An NIT qualifier a year ago, BG will have its sights set on an NCAA Tournament berth with a veteran roster of 11 lettermen and five returning starters. The Falcons, who upset Big 10 Champion Michigan State last season, were ranked as high as 11th in the *USA Today* computer ratings. Historically, BGSU leads the MAC in post-season appearances (22 games) and victories (eight).

**WOMEN'S BASKETBALL** — Coach Fran Voll, a two-time MAC Coach of the Year, has led the Falcons to four-straight MAC Tournament Championships and four-straight NCAA Tournament appearances. BG has

ruled the MAC with a 58-6 league record the last four years. Large crowds have flocked to Anderson Arena, including an MAC-record crowd of 4,100 for BG's NCAA Tournament victory over Cincinnati in 1989.

**CROSS COUNTRY** — Bowling Green begins the 1990s with Sid Sink in charge of the men and Steve Price directing the women. Sink, a former track and cross country All-American at BGSU, coached the BG women to four CC titles in the 1980s. Now, he's out working his magic on the Falcon men. Price, an experienced coach on the national and international level, is in his first year as head women's CC coach and his second year at BGSU.

**FOOTBALL** — Bowling Green closed out the 1980s by posting the second-best record in the MAC over the last 10 years. The Falcons had a winning record in league play in eight of the last nine years. BG won two MAC titles and made two trips to the California Bowl in the 1980s, while also setting the MAC single-game attendance record of 33,527 at Doyt Perry Field. Coach Moe Ankney's 1990 squad will feature 45 returning lettermen, including 12 starters.

**GOLF** — Coach Greg Nye's men's and women's golf teams play on some of the most challenging courses in the country and in some of the most prestigious tour-

naments on the collegiate level. The BGSU men's program has won four MAC Championships and made four NCAA Tournament appearances while the women's program is annually among the best in the region. The men had six top ten finishes last season while the women were among the top ten teams in four tournaments.

**GYMNASTICS** — Year in and year out, Coach Charles Simpson fields an MAC title contender. With three MAC titles since 1980, the Falcons have qualified as a team for post-season competition four of the last seven years. In each of the last two seasons, his teams have consistently increased the school record for team score led by Mary Beth Friel, only a sophomore, who qualified for the NCAA regional meet last winter.

**HOCKEY** — A winning tradition is what the Falcon hockey program is all about. One of only five teams in the country to earn 20 or more wins in each of the last nine seasons, BGSU will be looking to make its fifth consecutive appearance in the NCAA Tournament this season. In all, the Falcons have appeared in nine NCAA Tournaments winning the 1984 national title. Coach Jerry York ranks among the best collegiate coaches of all-time with 406 career wins having led the Falcons to four CCHA regular season championships and one league play-off title. In all, the Falcons have won seven conference titles. BGSU has produced some of college hockey's greatest names, including 10 players who currently hold positions on NHL rosters.

**SOCCER** — Coach Gary Palmisano's Falcons posted a winning record in all but one year of the 1980s and his 1990 team has the potential to be one of the best ever. Last fall, playing with seven freshmen starters, the Falcons were under consideration for an NCAA bid after posting a 12-3-3 record. The

Falcons concluded the season as the #4 team in the region. The BGSU schedule annually includes perennial NCAA power Indiana and other top teams in the region. BGSU also hosts the Kwik Goal/BGSU Classic having won the title in four of the five years the tournament has been contested.

**SOFTBALL** — Head Coach Jacquie Joseph begins her third year in charge of the Falcon softball program. Two strong recruiting classes should produce a BG team that will be ready to challenge for the MAC title. The Falcons last won the MAC Championship in 1988, a year that ended with BGSU playing host to the NCAA Midwest Regionals.

**SWIMMING** — Coach Brian Gordon, MAC Co-Coach of the Year in 1988, is back for his fourth year with the Falcon men and women hoping to reap the benefits of his work recruiting during his tenure. The Falcon women have made winning a habit. It began with the 1981 MAC Championship and continued with second-place finishes in each of the next seven seasons. Last winter, the men hosted the MAC Championship at beautiful Cooper Pool, one of the Midwest's top swimming and diving facilities and this season the women will take their turn as the host.

**TENNIS** — The Falcon tennis teams have the advantage of playing and practicing at one of the finest facilities of its kind in the region—

Robert Keefe Courts. The men's team, under the guidance of third-year coach Gene Orlando, is continuing to improve and will have five veterans returning for the 1990-91 campaign. The women's program has a new leader in first-year coach Penny Dean. Dean will have seven letterwinners returning from a team that won 15 dual matches in 1990, a school record.

**TRACK & FIELD** — Bowling Green, long associated with success in track and field, is fast becoming a regional power in the field events. The Falcon men have claimed an MAC champion in the shot put or discus the last three years, while the Falcon women have produced the last three MAC discus champions, including two-time All-American Beth Manson. Sid Sink heads the men's track team, while Steve Price directs the women's program.

**VOLLEYBALL** — Seven years of hard work by head coach Denise Van De Walle paid off in 1989 as the Falcons captured the regular-season MAC title breaking Western Michigan's seven-year stranglehold and the Broncos 98-match league winning streak. Van De Walle earned league Coach of the Year honors for a third time after the '89 season. If the Falcons are to repeat, Van De Walle will need to find a replacement for setter Linda Popovich who concluded a brilliant career setting two MAC records while earning conference Player of the Year honors.

(Continued from page 17)

The crowd of 14,893 witnessed a Falcon offense pile up 223 yards against a UT defense ranked second in the nation going into the game yielding an average of just 146.3 yards per game.

BG's attack was led by The Torcher Tandem - comprised of 240-pound fullbacks Stew Williams and Tom Luettkke.

Williams ran for 72 yards on 17 carries. Luettkke, while only running for 19 yards on eight carries, scored all three Falcon touchdowns.

Although Williams and Luettkke were major factors, Mike Weger would earn MVP honors on this the sixteenth day of October.

Weger's play on the offensive side of the line included 33 yards on six carries and three catches for 58 yards. Defensively, he nabbed a Toledo touchdown aerial attempt with seconds to play to ensure the 21-14 victory.

Nerve-racked was the best way to describe Bowling Green head coach Don Nehlen after his team scored in the last three minutes for the 1976 Homecoming win over Kent State.

Entering the game, the Falcons had the eighth-best offense in major college football. That dominating attack would be held to only 88 yards rushing holding 15,263 fans in limbo for the majority of the contest.

Tailback Dave Preston salvaged the day with a one-yard dive into the end

zone with 2:26 left for the 17-13 decision over the Flashes.

After the game, Coach Nehlen would say, "About two more ball games like this and I'll be down to 100 pounds."

You do not have to reminisce long to recall another memorable Homecoming game. Last year's battle ended in a BG 27-23 triumph over Toledo.

Toledo went ahead 23-20 on Rusty Hanna's field goal with 6:46 remaining to play. Bowling Green refused to let the crowd of 22,612, tenth largest in Perry Field history, go home disappointed.

The Falcons moved 85 yards in seven plays using all of 1:07 for the winning touchdown, an eleven yard strike from Rich Dackin to Ronald Heard.

That game will set the stage for more big contests in the 90's. Sixty-eight Homecoming games have come and gone with unforgettable players and moments. Today is the beginning of another decade of dreams and we are glad you are here to share them with us.

Ivan E. Lake and Dr. Clayton C. Kohl did not want Bowling Green's Homecoming to be just a football game. They wanted it to be a celebration of community, university, and friends. After all, that's what Homecoming is all about.

—Special thanks to BGSU Archivist Don Cunningham for his assistance with this story.

## JACK GREGORY

Since his appointment nine years ago as director of athletics at Bowling Green State University, John C. (Jack) Gregory has set a standard of excellence designed to place Falcon men's and women's teams on equal terms with today's elite intercollegiate athletic programs.

To reach these goals, Gregory challenges his staff of administrators, coaches and classified personnel to settle for nothing less than the very best. His challenge has resulted in some of the finest moments in the history of intercollegiate athletics at BGSU:

- the 1984 NCAA Division I Ice Hockey Championship;
- 13 Mid-American Conference regular season championships in football, men's and women's basketball, softball, women's cross country, gymnastics, men's golf, and last fall, volleyball;
- two California Bowl appearances;
- four MAC post-season tournament championships;
- three Central Collegiate Hockey Association regular season championships;
- one CCHA post-season tournament championship;
- 13 NCAA Tournament appearances in hockey, basketball, softball and gymnastics, including a MAC record nine appearances in the last four years;
- three home NCAA Tournament berths in hockey, softball and women's basketball;
- and the 1987-88 Jacoby Trophy, awarded annually to the MAC school with the best overall record in women's sports.

The 1989-90 school year was highlighted by three Falcon teams advancing to post-season play. Hockey and women's basketball returned to the NCAA Tournament, while men's basketball played in the NIT. Bowling Green was the only school in the country that sent teams to national post-season tournaments in those three sports.

Gregory came to Bowling Green during one of the most difficult periods in the school's

72 years of intercollegiate athletics, a time when BGSU and the MAC were fighting for NCAA Division 1-A status in football. Behind Gregory's leadership, the football program attained 1-A status.

Record crowds have attended Falcon football, hockey and women's basketball games during Gregory's tenure. Soccer, volleyball, gymnastics and softball are drawing larger crowds, too.

Last fall, the Falcon football team played before two of the 10 largest crowds in the 23-year history of Doyt L. Perry Field. More than 25,000 fans turned out for the first night game in Perry Field history.

In 1983, 33,527 fans packed Perry Field to witness the Bowling Green-Toledo football clash, one of college football's best rivalries. BGSU and MAC single game attendance marks fell that afternoon. Two years later, the Falcons drew a record 112,110 fans for five home games, giving BGSU the second-largest average attendance (22,422) in MAC history. In 1987, Bowling Green set still another MAC attendance record

by playing in front of 84,574 fans at Penn State.

Sell-out crowds for BGSU hockey games are a tradition. The 1989-90 season featured the addition of 1,700 seats to the BGSU Ice Arena, and all attendance records were broken, including single game (5,005) and season (79,376).

With the growing interest in TV sports programming, Gregory has aggressively negotiated for live television coverage of BGSU sports events. Last year, Falcon football, basketball and hockey all attracted live TV coverage. This year promises more of the same. Falcon football and basketball will be aired as part of the MAC Game of the Week broadcasts, while Falcon hockey will continue to play in front of a national TV audience as part of the CCHA Game of the Week.

Gregory, 62, has also been instrumental in the development of the Falcon Club, the University's official athletic department booster club. Recent membership drives have encompassed all of northern and west central Ohio, resulting in unparalleled growth in cash and pledges. The Falcon Club has more than doubled its income and grown to such an extent that it compares favorably with any athletic support organization in the country.

Still, Gregory understands the integrity of college athletics depends on the continued emphasis of the "student" in student-athlete. In that regard, he appointed an academic coordinator in 1984, the first such appointment in the MAC.

Many BGSU student-athletes have excelled in the classroom. Volleyball's Linda Popovich became the MAC's first female to receive the Byers Scholarship from the NCAA in May, 1990. There were more than 150 BGSU scholar-athletes with grade point averages of 3.0 or better in 1989-90, including three who were named Academic All-Americans, raising the total to 14 Academic All-Americans in the last four years.

A 1952 graduate of East Stroudsburg State College and holder of a master's degree from Temple University, Gregory was a teacher and coach at William Penn High School in New Castle, Delaware, and later at P.S. Dupont High School in Wilmington, Delaware. In 1959, he returned to East Stroudsburg as head football coach and assistant professor of physical education. One of the most successful coaches in the school's history, Gregory was inducted into the East Stroudsburg Athletic Hall of Fame in October, 1983.

In 1965, Gregory was named assistant football coach at the U.S. Naval Academy. Two years later, he was named head football coach at Villanova University. In 1969, he moved to the University of Rhode Island, where he served as head football coach for seven years.

In his 25 years as a head coach, Gregory's teams compiled a record of 132-69, including four undefeated seasons and seven league championships. He was twice selected as NAIA Coach of the Year, twice selected as Pennsylvania Coach of the Year and was named NCAA District Coach of the Year once.

Gregory joined the Green Bay Packers of the National Football League in 1976 and served in the personnel department for three years before becoming associate director at Yale University from 1978 to 1982.

Jack and his wife, Peg, reside in Bowling Green and have two sons and one granddaughter.

Alma Mater hear us,  
As we praise thy name  
Make us worthy sons and daughters  
Adding to thy fame.

Time will treat you kindly  
Years from now you'll be  
Ever dearer in our hearts,  
Our University.

From your halls of ivy  
To the campus scene,  
Chimes ring out with gladness  
From our dear Bowling Green.

When all is just a mem'ry  
Of the by-gone days,  
Hear our hymn dear Alma Mater

The only football jersey ever retired at Bowling Green is #29. It was worn by Paul Miles from 1971-73, when he rushed for 3,239 yards and 25 touchdowns. He was a three-time All-Mid-American Conference running back, gaining more than 1,000 yards in each of his three years on the varsity.

Frieda Falcon and Freddie Falcon are the official mascots of the Bowling Green Falcons. Together with the BGSU Cheerleaders, Frieda and Freddie boost spirit at intercollegiate athletic events. Tryouts are held each spring, and the winners remain anonymous to the student body until each is beheaded at the last home hockey and basketball games.

Bowling Green's unofficial fight song. (The official fight song is "Forward Falcons"). No one knows who wrote "Ay Ziggy Zoomba," but it became famous nationally when former Falcon All-American and Detroit Lion All-Pro halfback Mike Weger sang it in the film, "Paper Lion." The Falcon football team traditionally sings "Ay Ziggy Zoomba" after each victory.

## 

The 1989 season marks the 62nd anniversary of Bowling Green's nickname, Falcons. Before 1927, BG teams were called the Normals or Teachers. Ivan Lake '23 suggested the nickname, Falcons, after reading an article on falconry. Lake, managing editor and sports editor of the BG Sentinel-Tribune at the time, proposed the name change because it fit headline space and because falcons were "the most powerful bird for their size and often attacked birds two or three times their size."

## 

Burnt Orange and Seal Brown have been the school colors at Bowling Green State University since 1914, the first year of classes. Legend has it that Leon Winslow, an industrial arts faculty member, got the idea from watching a woman's hat on a bus trip to nearby Toledo, OH. He liked the brown and orange color combination.

# The NCAA—Working Together Toward a Common Goal

*By David Housel, Sports Information Director, Auburn University*

**W**hat is the NCAA? The question could be answered simply by saying "National Collegiate Athletic Association," but in reality the NCAA is much more than four words beginning with the letters N-C-A-A.

It is also much more than a staff working in Overland Park, Kansas, on administrative details of America's intercollegiate athletics programs.

To say that the NCAA is a staff or a group of people is to misunderstand not only what the NCAA is, but what its goals and objectives are. It is to misunderstand its very reason for being.

In reality, the NCAA is composed of some 1,000 colleges universities and organizations across the United States. The NCAA, in its truest sense, is every member institution working together for the common good of all. It is democracy in action. All rules, all policies, all procedures, even the directions and goals of the NCAA are determined by the colleges and universities working and voting together in a common body.

As with any organization made up of individuals or member institutions, the requirements in any given area, be it academic or enforcement, are continually changing in response to the desires of the

membership. But the goal is always the same—a sound mind, a sound body, a spirit that is unafraid and a clean sports program that develops those qualities individually, institutionally and nationally.

Perhaps no area of the NCAA comes under more inspection than the enforcement program. Yet, even there, the NCAA is responsive to the needs and concerns of the individual institutions working together for what they perceive to be the common good. The colleges and universities make the rules. The NCAA staff, working under the direction of the colleges and universities, simply administer the programs designed by the members. And it is the Committee on Infractions, which is comprised of college administrators from around the country, that determines sanctions levied against fellow members.

Just as integrity is the key to an academic program, it also is vital to healthy competition between NCAA member institutions. The colleges and universities seek to create an atmosphere in which all institutions have an equal chance to recruit America's outstanding student-athletes. It is then up to member schools to help the individual student-athletes be as good as they can be, both in the classroom and in their athletic endeavors.

For all of the attention it receives, the enforcement program is but one small part of the NCAA's total concern. The NCAA administers 77 championships in three divisions in 22 sports. More than 15,000 men and women student-athletes compete annually in these events, designed to determine the national champion.

Other programs under the auspices of the NCAA include the National Youth Sports Program, cosponsored by the U.S. Department of Health and Human Services, Office of Community Services, Family Support Administration, and the nation's colleges and universities. NYSP is a unique summer program that offers sports skills instruction, competition, improved physical fitness, and enrichment opportunities for economically disadvantaged youth between the ages of 10 and 16.

The NCAA conducts free Youth Education through Sports (YES) clinics in many sports, annually providing thousands of youngsters expert instruction from the best collegiate coaches, as well as important information about academics and substance abuse prevention.

The NCAA also administers several scholarship programs that benefit not only deserving student-athletes but also students in general. The NCAA Postgraduate Scholarship Program has distributed more than \$3.2 million to some 2,000 student-athletes for full-time graduate study; two Walter Byers Postgraduate Scholarship winners annually receive \$7,500 renewable stipends; the NCAA Ethnic Minority Enhancement Program and the NCAA Women's Enhancement Program each provide scholarship awards to qualified individuals for postgraduate study in sports administration; and the NCAA makes available grants to undergraduate student-athletes who have exhausted their institutional financial aid opportunity and who wish to complete their undergraduate degrees.

More information about these scholarship programs is available from the NCAA administration department.

The NCAA also sponsors one of America's foremost honors programs, which is designed to recognize yesterday's and today's top athletes, and the contributions of intercollegiate athletics as a whole to the country and society.

It has been said, and rightfully so, that sports is but a microcosm of society. Never before has it been more true, for sport and for the NCAA.

However, the goal of the NCAA is still the same—America's colleges and universities working together for the common good of higher education, and the young men and women who study and compete for NCAA member institutions. ■

## DOYT L. PERRY FIELD

**Bowling Green holds the MAC record for single-game attendance (33,527).**

Doyt L. Perry Field, with its 30,000-plus seating capacity, is celebrating its 24th year as the home of Bowling Green State University football.

Built in 1966 for approximately \$3 million as a replacement for the 43-year-old University Stadium, Perry Field had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982.

One of the largest and most attractive athletic facilities in the Mid-American Conference, Perry Field holds the conference record for single-game attendance.

On October 8, 1983, a huge crowd of 33,527 packed into Perry Field for the annual Northwest Ohio rivalry between Bowling Green and Toledo, establishing a school and MAC record for single-game attendance. The Falcons went on to set a season record, breaking the six-digit figure for five games with a total draw of 100,021. It marked the first time in history that Bowling Green averaged more than 20,000 fans for five home football games.

That figure was topped in 1985, when Bowling Green posted a perfect record (11-0) in the regular season and clinched the MAC Championship by shutting out arch-rival Toledo at Perry Field in November. More than 28,000 fans turned out that day, raising Bowling Green's season attendance to an all-time high 112,000, an average of 22,400.

Perry Field is more than just a football facility. The east side of the stadium includes dressing rooms, equipment and training rooms, along with the Athletic De-

partment offices. The west side received a face-lift three years ago. A physical fitness center/weight room opened its doors for all 19 intercollegiate athletic teams in the summer of 1988.

Also situated on the west side of Perry Field are the Falcon Club offices and clubhouse, the academic affairs office, the track and cross country offices, as well as maintenance and storage areas.

Sitting atop the press box on the west side of the stadium is the plush Stadium Club. Now in its 11th year of operation, the

Stadium Club's 106 theater-type seats, which are all sold, provide loyal BGSU fans with a fine view of the game. The President's Box, located on top of the east side of the stadium, provides luxury seating for President Paul J. Olscamp and other supporters of Falcon football.

Bowling Green won the first game ever played in Perry Field, defeating Dayton, 13-0, on October 1, 1966. Since that time, the Falcons have won almost 65 percent of their home games, compiling a 75-41-3 record in the 119 games played at Perry

Field. Over the last seven seasons, Bowling Green is 26-8-1 at home for a .757 winning percentage.

A multi-purpose facility, Perry Field has also hosted concerts, NFL exhibition games, and major soccer tournaments.

Perry Field is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons. Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1950s and 1960s remains one of the highest in football history. In fact, according to James Van Valkenburg, director of statistics for the NCAA, only two coaches on the Division 1-A list are above that figure — Knute Rockne at .881 (Notre Dame) and Frank Leahy at .864 (Boston College and Notre Dame).

Perry, 80, known for his well-organized practices and attention-to-detail meetings, never stopped thinking of ways to succeed. He was a winner in football and as a high school basketball coach. His basketball teams were 161-35 over nine seasons and his high school track teams won 70 county titles in nine years.

"First, I always tried to get the best assistant coaches possible," Perry said of his success. "Then we sought to eliminate mistakes as far as possible."

After stepping down as Bowling Green's head football coach in 1964, Doyt Perry remained as the BGSU athletic director for six years.

## VARSITY BG CLUB SAYS GO FALCONS!

### ABOUT THE VARSITY BG CLUB

The Varsity BG Club is an exclusive organization open only to former Bowling Green State University varsity letterwinners, who, for a non-tax deductible contribution of \$10 per year, can help operate the club and support BGSU athletics at the same time. Almost 500 former Falcon letterwinners were Varsity BG Club members last year. Again this year, the Varsity BG Club is offering a lifetime membership for \$100; no other dues will ever be required. Lifetime memberships for those 65 and older are only \$50.

The Varsity BG Club undertakes three major projects each year, the first of which is the spring Recognition Reception honoring the College Coach of the Year, the High School Coach of the Year, and the Special Recognition Award Winner. Then in July we will enjoy another Doyt Perry Golf Outing at the BGSU Forrest Creason Golf Course. Each fall, the annual Varsity BG Day festivities take place in conjunction with a Bowling Green football game. It's a great day to return to campus and visit with former classmates and teammates.

We are looking forward to another big year for the Varsity BG Club and Falcon athletics, and all we need from you is your participation.

### MEMBERSHIP BENEFITS

All active members of the Varsity BG Club will receive:

- Membership in an exclusive organization open only to BGSU varsity letterwinners.
- A list of special activities and programs, such as the ones described above.
- Subscription to the quarterly newsletter.
- Personal satisfaction in contributing to BGSU athletics through your continued involvement.

## Alumni Service Award Goes to Cheryl Orwig

A former two-term president of the Bowling Green State University Alumni Board of Trustees, who is celebrating her 20th class reunion today, has been selected to receive the Alumni Association's 1990 Alumni Service Award. It will be presented today during special halftime ceremonies.

Cherie L. Orwig '70, '82 of Centerville, who is vice president of corporate communications for Miami Valley Hospital, has served the University and Alumni Association in numerous capacities. In addition to her board presidency, she has chaired the board's awards and nominating committees, has assisted with BGSU's merit scholars recruitment program, has participated as a guest lecturer in BG's School of Mass Communications, has hosted the University's alumni/admissions receptions, and is a member of her class reunion planning committee.

A former alumni chapter leader, she also served as a caller during the drive to raise funds for BGSU's Alumni Center. A real BGSU sports fan, she is a long-time member of the Falcon Club and has remained active with the Chi Omega chapter on campus.

Larry Weiss, director of alumni affairs and associate vice president, noted "Cherie has done it all! She has devoted countless hours to the Alumni Association, the Athletic Department and

her sorority. Whether it's providing internship opportunities for BG students, returning to campus to lecture various classes, or helping recruit top scholars to her alma mater, Cherie's deep commitment to students is truly noteworthy. We hope today's award presentation, in some small way, helps demonstrate our sincere thanks for her untiring efforts."

## Welcome Back BGSU Alumni!

The Alumni Association and Athletic Department welcome all alumni who are returning to campus for today's Homecoming celebration and we hope you will come back often.

Prior to the game today, seven groups held special reunion luncheon programs. Those groups were: graduates of the 1920s-1930s, featuring the 60-year Class of 1930; graduates of the 1940s, featuring the Golden Anniversary Class of 1940; Class of 1950; Class of 1960; Silver Anniversary Class of 1965; Class of 1970; and the Class of 1980.
